## Actress Marie McDonald is Found Wandering Along Desert Road

**Blonde is Incoherent, Minus Two Front Teeth; Has Black Eye, Bruises**

INDIO, Calif., (AP)—Blonde actress Marie McDonald, minus two front teeth and suffering a black eye and other bruises, was found wandering and incoherent on a desert road here Friday night nearly 24 hours after she disappeared from her San Fernando Valley home.

She hysterically claimed she was awakened and robbed of a 22-carat diamond ring by a Mexican and a Negro who held her blindfolded in a Los Angeles house.

Clad only in a housedress over a night dress against the chill of the winter desert night, she was taken to Coachella Valley hospital here.

Attendants put her under sedation and said she was in no condition to answer until at least dawn the prize dilemma of the decade for Hollywood police:

**Hoax or Real Thing?**

Was she kidnapped or involved in an elaborate hoax that backfired? The California highway patrol established road blocks at all important intersections to apprehend the "pachuco-type" men she said were her kidnappers.

The beautiful 32-year-old movie queen and former chorine of George White's "Scandals" bore lacerations in addition to the bruises and told Imperial County sheriff's deputies she was shoved out of an "old model, light-colored sedan with green upholstery."

She told officers she was driven from a house in Los Angeles to a point near Cactus City, about five miles east of Indio, where one of

the men said: "We have to get rid of her here because we are getting close to the border."

Then, she said, they knocked her out of the car and down a 25-foot embankment.

Her fingernails were broken.

"The men should have scratches on them," she told investigators.

**Claims Threat to Children**

She said she was forced to leave her home with them "because they threatened my babies." She is the mother of three, two of them adopted and the last her own child, now 4 months old.

She said the alleged abductors were in their early 20s "with long wavy hair" and wore leather jackets.

"They blindfolded me with a sack over my head and took me to this house where we stayed until dusk last night."

Miss McDonald claimed they took the diamond ring given to her by Murray Rosenberg, a wealthy admirer and New York City merchant. However, several days ago she told a Los Angeles Hollywood reporter she had sold the ring and turned the cash into securities.

Sheriff's deputies said Miss McDonald was found walking along a road outside Cactus City, approximately 25 miles north of Indio by a driver of a Western Truck Lines vehicle at 2:45 a. m. EST.

The disappearance and return of the blonde actress, known as "The Body," climaxed a career of escapades in which she got more publicity than from her movies.

Police Friday proceeded with their investigation as if she were kidnapped, but they were skeptical. They didn't know if her disappearance was an elaborate hoax or a legitimate kidnapping.

## Elvis Passes His Draft Tests

MEMPHIS, Tenn., (AP)—The Army, Elvis Presley and the blonde he left behind all agree that the rock 'n' roll singer is in good physical condition and ready for a tour in the service.

Elvis passed his pre-induction physical examination here Friday and probably will be classified 1-A—available for induction in six months.

"The Pelvis" caused a mild stir here when he drove up in a flashy Cadillac with a flashy blonde to take his routine tests. The blonde stayed behind while Presley went through the medical and mental paces at Kennedy Veterans Hospital.

Lt. Jack Zager, who handled Elvis' tests, said that the 22-year-old sensation of the teen-agers passed his tests. He said it is up to Presley's draft board to classify him.

Presley also pronounced himself in "fine shape." The husky rock 'n' roller said "I'm in good health as far as I know."

The blonde, chorus girl Doty Harmony, 21, agreed. Doty who met Elvis in Las Vegas and has been a house guest of the Presleys for the holidays, said "He's a fine physical specimen."

## Potts is Found Guilty; Receives 3-Year Sentence

Eugene Potts was found guilty of rape in Saline County Circuit court Friday and the jury recommended a penitentiary sentence of three years.

Potts, who had served a sentence for armed robbery, also was found to be a habitual criminal by the jury and sentence on that charge will be announced at a later date, probably Jan. 18.

Circuit Judge C. Ross Reynolds, who presided at the trial, announced the 3-year sentence on the rape charge Friday, but held the other open.

The trial got underway Friday morning after more than two days had been taken to secure a jury.

Potts was charged of rape by his sister, Mrs. Charles (Minnie) Woodside, RFD 2, Harrisburg, and she was the chief witness for the prosecution. Potts took the stand in his own defense.

Potts had requested that he be given a lie detector test and it was agreed that the test be given and the findings be read into the trial record by State's Attorney Robert Wilson and court-appointed defense counsel, Attorney Joe Butler.

During the trial yesterday the results of the test were read and they indicated Potts was lying when he denied the charge of rape.

The jury of nine women and three men retired to the jury room about 2:30 Friday afternoon and it was more than three hours later when the verdict was returned.

Potts was returned to the Saline county jail following the reading of the verdict and the pronouncing of the 3-year sentence.

**Hundreds Offer Sympathy to Red Skelton**

HOLLYWOOD (AP)—Heart-broken Red Skelton today thanked hundreds of persons who offered sympathy and prayers for the comedian's leukemia-stricken son, Richard, 9.

The saddened comic was in seclusion at his home where he and his wife, Georgia, awaited Richard's release from the UCLA Medical Center. His thanks was expressed through his agent.

"Red is beside himself and so broken up he can't talk," agent Milton Weiss said.

Doctors at the center gave young Skelton less than a year to live after tests made in the last few days disclosed that he was suffering from a fatal type of leukemia.

Faced with the verdict, Weiss said the comedian still refused to give up hope for the eventual recovery of his son. He quoted Skelton as saying, "I'll never give up hope."

**Adenauer Observes 81st Birthday**

BONN, Germany (AP)—Chancellor Konrad Adenauer celebrated his 81st birthday today, apparently without thought of quitting or even scouting for a possible successor.

Der Alte (the old man), as he is known to all Germans, was scheduled to stand in the cabinet room of the Chancellery for five hours to shake hands and receive congratulations from well-wishers, ranging from the kitchen staff to world political leaders.

Gifts included such items as a huge selection of sausages and other products of the German meat industry, presented by Food Minister Heinrich Lübke.

## Eisenhower Asks Power To Use American Forces In Mid-East If Needed

**Senate Rejects Rules Changes By 55 to 38 Vote**

**Action Leaves Roadblock in Path Of Civil Rights**

WASHINGTON (AP)—Senate civil rights advocates predicted today the new Congress will approve civil rights legislation despite the Senate's refusal to change its filibuster rule.

The Senate Friday night defeated 55-38 a bipartisan drive by northern senators to make it easier to limit Senate debate.

The defeat left a major roadblock in the path of President Eisenhower's civil rights program. Southern senators have repeatedly used unlimited debate to kill civil rights bills.

But despite the defeat, Senate GOP Leader William F. Knowland, who voted against the rules change drive, was in the van of senators predicting that the President's civil rights program will get speedy approval from the Senate Judiciary Committee and the House.

Under those conditions, he said, the President's program can be passed.

Sen. Hubert H. Humphrey (D-Minn.), long time backer of civil rights bills said: "I predict that we will have civil rights legislation in the 85th Congress."

Sen. Everett Dirksen (R-Ill.) disclosed Friday that he is already seeking co-sponsors on a group of bills apparently designed to carry out Mr. Eisenhower's program.

One knowledgeable strategist for southern Democrats, who declined the use of his name, conceded that it will be hard to stop proposals like those sent to Congress by the President and approved by the House last year.

Mr. Eisenhower and his legislative lieutenants, at their pre-session strategy huddles this week, agreed to make an all-out push for the program. It would guarantee voting rights and other civil rights of minorities, establish a special civil rights commission and create a special civil rights division in the Justice Department.

**Death Takes John Vinson, 85**

John Vinson, 85, died at 9:15 p. m. Friday in a hospital in East St. Louis.

His wife, Lela Ann, died in June of 1955 and since that time he had made his home with his two daughters, Mrs. Hazel Webb in East St. Louis, and Mrs. Ada Paris of Harrisburg.

He also leaves one son, Charley Vinson, of Dorris Heights.

The body is being returned to the Harrisburg funeral chapel where it will lie in state until the funeral home, plans for which are incomplete.

**J. T. Jones Rites At Galatia Sunday**

Funeral services for John T. Jones, resident of Galatia who died Thursday morning in the Pearce hospital in Eldorado, will be Sunday at 2 p. m. at the Galatia Methodist church. Rev. Roy Hudson, Mill Shoals, former pastor of the church, will officiate assisted by the present pastor. Burial will be in Tate's Chapel cemetery. The body lies in state at the Courtney funeral home in Galatia.

**Crash Occurs on Divided Highway Near Lexington, Va.**

LEXINGTON, Va., (AP)—A Greyhound bus carrying 39 passengers smashed into a disabled trailer-truck near here Friday night killing six persons and injuring 32 others.

Rescuers using acetylene torches and wrecker hoists worked for nearly two hours to free the passengers—some of them seriously injured—and remove the dead from the twisted wreckage of the glass-domed "Scenicruiser."

Police said the bus, en route from Memphis, Tenn., to New York, crashed into the rear of the parked cross-country truck shortly after 7 p. m. EST on the rise

**Killed When Auto Overtakes**

GRAND TOWER, Ill., (AP)—A Jackson, Tenn., man was killed early today when his car overturned on an ice-covered road near Grand Tower.

The victim was Charles Elder Cole, 29.

Jackson County Deputy Sheriff Arch Edwards said Cole was pinned underneath the car which traveled about 150 yards alongside the highway before overturning.

At Du Quoin, state police headquarters reported that bad driving conditions had contributed to at least nine other wrecks in a 22-hour period, injuring 11 persons and causing property damage.

Numerous other cars skidded into ditches, state police said.

**Anna Physician Receives Honor**

ANNA, Ill., (AP)—An Anna physician received top recognition in the field of psychiatry Friday.

Dr. Leonard Horecker, Anna State Hospital clinical director, received certification as a member of the American Board of Psychiatry and Neurology.

He is the first southern Illinois physician to gain this honor.

**Auto Runs Off Rt. 45, Rolls Down Embankment**

An automobile driven by Thomas Boswell of Eldorado was badly damaged and Mrs. Boswell, passenger in the car, received head bruises when the car ran off Route 45 about a mile north of Harrisburg and rolled down an embankment. The accident occurred about 7:30 p. m. Friday.

County officers were called to the scene of the accident and report the car apparently hit an icy spot on the highway, causing the driver to lose control.

Mrs. Boswell was taken to the Lightner hospital for treatment, then released. Mr. Boswell was not hurt, it is reported.

**Elmer Hobbs Funeral Sunday**

Services for Elmer Hobbs of Rudement, former resident of Hardin county who died Thursday at 11 p. m. in the Lightner hospital, will be held Sunday at 1 p. m. at the Good Hope church in Hardin county. Rev. Raymond Rose and Rev. Clifford Potter will officiate and burial will be in the church cemetery. The body is at the Hosick funeral home in Rosiclare.

**J. T. Jones Rites At Galatia Sunday**

Funeral services for John T. Jones, resident of Galatia who died Thursday morning in the Pearce hospital in Eldorado, will be Sunday at 2 p. m. at the Galatia Methodist church. Rev. Roy Hudson, Mill Shoals, former pastor of the church, will officiate assisted by the present pastor. Burial will be in Tate's Chapel cemetery. The body lies in state at the Courtney funeral home in Galatia.

**Bus Smashes Into Disabled Truck; Six Persons are Killed, 32 Injured**

of a small hill. The truck had pulled to the side of the busy, divided highway because of motor trouble and the driver, who was slightly injured, had just set out emergency flares.

Ambulances and wreckers from four nearby communities rushed the injured to hospitals here as they were freed from the twisted steel and the jammed seats of the bus.

**Baby Among Victims**

Traffic on the heavily-traveled U. S. Highway 11 running through Virginia's Shenandoah Valley was routed to the other lane as workers cut through twisted beams and doctors administered temporary aid to the trapped victims.

A highway patrolman who aided in the rescue work gave a grim description of the tragedy.

"The bus driver was dead in his seat," said Trooper H. K. Wright.

The man in back of him was dead and a woman back of him was alive, but trapped and suffering. Two more behind the woman were alive, but trapped.

**Gives Grim Description**

Wright said it was nearly two hours before many of the living could be freed. They had to wait for a wrecker from Lexington to pull away the heavy steel that pinned them to their seats.

The six fatalities were identified as bus driver Sherer S. Sutliff, 48, Roanoke, Va.; Kenneth G. Tyacke, 49, Washington, D. C.; Col. Milton Rogers, about 60, Lexington, believed to be a retired Army officer; Mrs. Ragina Marie Bell Jackson, 21, Scranton, Pa.; her 3-week-old son Edward Eugene Jackson Jr., and her aunt, Mrs. Joe Jackson, 63, Wytheville, Va.

## President Makes Plea In Personal Address At Joint Session Congress

WASHINGTON (AP)—President Eisenhower asked Congress today for authority to use American forces in the Middle East, if necessary, to defend the "territorial integrity and political independence" of any nation in the area against Communist armed aggression.

Mr. Eisenhower said it was his profound hope that such authority would never have to be used.

He proposed, too, that if this authority is granted, it would not be used except at the express desire of a nation under Communist attack.

Mr. Eisenhower made his request in person to a joint session of the new 85th Congress. Rarely, if ever before, has a president addressed a new Congress on a specific issue in advance of his State of the Union message—scheduled this year for next Thursday.

**Carried Nationwide**

The President's Mid-East message was carried on all three major U. S. radio-TV networks. The Voice of America arranged to broadcast it throughout the world.

Eisenhower submitted three basic recommendations:

1. Authority for the United States to cooperate with and assist any nation or group of nations in the general area of the Middle East in the development of economic strength dedicated to the maintenance of national independence.

2. Authority for him to undertake in the Middle East programs of military assistance and cooperation with any nations desiring such aid.

3. Authority for the use of American military force to protect nations of the Middle East "against overt armed aggression from any nation controlled by international communism."

**Present Funds Adequate**

Mr. Eisenhower asked no immediate money for the economic and military assistance phases of his program. He said presently appropriated funds should be adequate for the balance of this fiscal year, which ends June 30.

He said, however, that he would ask a million dollars during each of fiscal years 1958 and 1959 for discretionary use in the Middle East. This two-year total of 400 million would be in addition to other mutual security programs.

The Democratic-controlled Congress was expected eventually to approve the President's proposed program, but only after a long hard look.

The chief executive said in his special 3200-word message that the measures he recommended would have to be in agreement with present U. S. treaty obligations, including the United Nations Charter.

This meant, he said, that any program now adopted would, in the event of armed attack in the

Middle East, have to be subject to the overriding authority of the U. N. Security Council.

**To Keep Congress Informed**

Mr. Eisenhower said that if Congress gives him the stand-by military authority, he will maintain hour-by-hour contact with the House and Senate—should military application of the new policy become necessary.

He added that if grave implications arose in the Middle East at a time when Congress was not in session, he would call Congress into special session immediately.

Furthermore, he said, he intended promptly to send a special mission to the Middle East to explain the cooperation this country is prepared to extend.

Mr. Eisenhower said one of the greatest dangers in the current situation is that "power hungry Communists" might falsely or correctly estimate that the Middle East is defended inadequately. This might tempt them to use overt armed attack.

**More Contracts Held by Wife of Defense Official**

WASHINGTON (AP)—The Defense Department has disclosed that more than \$5.3 million in contracts are held by firms in which the wife of Assistant Defense Secretary Robert Tripp Ross and her brother hold an interest.

Pentagon records also showed that in addition to the current contracts, the companies in which Ross' relatives are interested received \$6,917,000 in contracts completed in the 1951-56 period.

Two congressional subcommittees opened preliminary investigations Friday to determine if a "conflict of interests" is involved in an \$884,150 Army contract awarded to a firm headed by Mrs. Ross.

Ross said he has had nothing to do with the various firms since February, 1952, when he was elected to Congress from Queens County, N. Y. He became an administration official two years later.

The congressional inquiries are being made by the staffs of a House Government Operations subcommittee, headed by Rep. Chet Holifield (D-Calif.) and the Senate Investigating subcommittee headed by Sen. John L. McClellan (D-Ark.).

Chairman Carl Vinson (D-Ga.) of the House Armed Services Committee also was known to be considering the case. Vinson said he would have no statement until his committee is formally organized.

The Defense Department Thursday night disclosed in answer to press queries that the Army last November awarded an \$884,150 contract for 249,000 pair of men's trousers to Wynn Enterprises, Inc. of New York and Knoxville, Tenn.

Mrs. Ross is president of the firm.

## SIU Country Column

By Albert Meyer  
Owners of poultry flocks will  
need to do a good job of manag-  
ing in the months ahead. Prices  
during the year just ending haven't  
been anything for egg producers to  
get shouting happy about. They  
have reflected the fact that pro-  
duction of eggs, broilers and tur-  
keys has been at record levels for  
the year.

The danger signals are up for  
the year ahead, too, if present in-  
dications mean anything. Farmers  
are entering 1957 with slightly  
more hens than a year ago, and  
the poultry breeders have indicat-  
ed that they will have larger flocks  
around for hatchery egg produc-  
tion. The poultry industry reports  
there were 409,000,000 potential lay-  
ing hens on farms October 1, a  
million more than at the same  
time last year. Estimates are that  
a larger percentage of these poten-  
tial layers were pullets rather than  
yearling hens.

That condition leads to the be-  
lief that egg prices will be running  
somewhat below last year during  
the first six months of 1957.

If dairy cows are due to calve  
during these winter days, give the  
prospective mother a clean, well  
bedded stall with some protection  
from the cold weather. In the  
kind of climate prevalent in south-  
ern Illinois, dairy farmers often  
get by very well by using movable  
gates or portable partitions in part  
of a loafing barn open to the south  
or east to provide maternity stalls  
for cows that are calving.

This may be a bit of belated  
advice too late to do any good  
this year, but here it is anyway.  
It still may be timely for those  
who wait until after New Year's  
Day to take down the Christmas  
tree.

For the sake of safety, do not  
try to poke the dried out ever-  
green into the furnace. There is  
danger of burning down the house  
or setting yourself afire. Dried  
needle foliage on old Christmas  
trees burns with almost explosive  
rapidity.

The best use for a discarded  
Christmas tree is as a bird feed-  
ing station in the back yard. Push  
the base of the tree into the ground  
or into a bucket of sand. Then  
hang on the branches a few pieces  
of suet, some lumps of peanut but-  
ter enclosed in open mesh cloth,  
or other food items that birds will  
appreciate on cold winter days.

If you must burn the tree, do  
it in an outdoor incinerator, or cut  
it into small pieces and put these  
into a stove or furnace in small  
lots that will not be a fire hazard.

While we are on the subject of  
safety, we will mention a few oth-  
er things that are timely at this  
season of the year. There is the  
occasional possibility of icy steps  
and porches. Don't run the risk  
of a nasty fall that may result in  
broken bones or other serious in-  
jury. Sprinkle a little coarse salt  
on the ice to speed its melting.  
If the weather is so cold that the

### Bull Care

During the non-breeding season,  
many of us are so busy giving pro-  
ducing cows and young stock good  
care that we forget half of the  
beef herd—the bull. It isn't ne-  
cessary to keep him fat, but you  
should keep him thrifty. A bull  
that has lost much weight this past  
summer may need five or six  
pounds of grain a day in addition  
to a liberal amount of roughage.  
A bull with fair fleshing now may  
be wintered adequately on about  
20 pounds of corn silage and 12  
to 14 pounds of legume hay.

Also, don't forget that exercise  
is important to the bull's breeding  
efficiency and disposition. Avoid  
close confinement. On the Station  
several bull run together in a large  
lot. They work off steam by push-  
ing one another around and rarely  
become bad tempered.

### McKibben on Farm and Home Week Program

The dates for Farm and Home  
Week on the Urbana campus are  
January 27 through 31. George  
McKibben, our crops and soils  
man, is on the program to discuss  
"Lespedeza in Southern Illinois."  
We suspect that George will dis-  
cuss Sericea as well as the annual

on some abrasive material such  
as sand to provide sure footing.

Clear off the stairways—if you  
have any. A favorite parking place  
for spare shoes, rubbers, boots,  
overshoes, boxes, old papers or  
other odds and ends are the base-  
ment or attic stairs. There is a  
potential fall in every one of  
the items. Don't wait until some-  
one has taken a tumble to clear  
away the obstacles. There are  
other safer places for these items.

## Key Points in Managing Soil Bank Acres

Four key points in managing  
soil bank acres are given this week  
by Earl Spurrier, extension ag-  
ronomist at the University of Illinois  
College of Agriculture.

First, Spurrier recommends cov-  
ering all diverted areas with vege-  
tative cover. He suggests use of  
good quality, weed-free seed of  
long-lived adapted grasses and le-  
gumes.

Second, use sound soil manage-  
ment. Apply commercial fertilizer  
according to needs as shown by  
soil tests. Prepare good seed-  
beds, inoculate the seed and follow  
all other recommended seeding  
practices.

Third, build approved soil and  
water conservation devices, if fi-  
nancial or technical assistance is  
available, to further the long range  
conservation program on the farm.

Fourth, control weeds by clip-  
ping, if necessary. Delay clipping  
until after the bird hatching sea-  
son if practical. Use chemicals  
to spot treat weedy areas, if pos-  
sible to avoid or delay clipping.

You can get complete details in  
"Managing Soil Bank Acres," Illi-  
nois Circular 766, just published  
by the University of Illinois Col-  
lege of Agriculture. You can get  
your copy from your county farm  
adviser or by writing direct to the  
University at Urbana.

## Silage Needs High Forage and Grain Varieties

DIXON SPRINGS — Best silage  
comes from a combination of high  
forage and high grain yields.

And tests at the University of  
Illinois Dixon Springs Experiment  
Station show that you can select  
hybrid corn varieties with the right  
combination of high forage and  
grain yields for silage.

G. E. McKibben, crops research-  
er at the Station, reports a test  
of 25 corn hybrids from five pro-  
ducers for silage forage yields.  
In general, the longer season corn  
yielded the most grain in this test.  
Later maturing hybrids also have  
higher moisture grain at harvest.

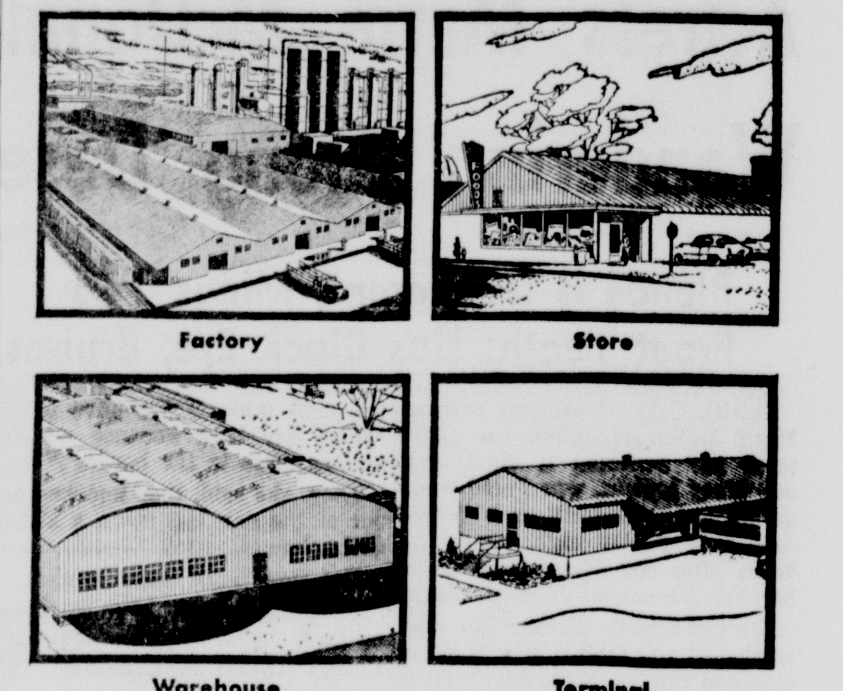

One of the five highest grain-  
yielding corn hybrids was com-  
pared on a bottomland area with  
22 forage sorghum varieties. The  
five leading forage sorghum va-  
rieties produced 42 percent more  
forage, on the average, than the  
corn, and 29 percent less grain.

## Oil Shortage Hits Britain

LONDON (AP)—Britain faced a mounting oil shortage today, and experts predicted fuel rationing will continue throughout the year. British newspapers placed much of the blame for the nation's predicament on small oil companies in the United States.

The government of Prime Minister Sir Anthony Eden took steps to conserve available supplies. Gasoline rationing, introduced as a "temporary" measure when the Suez crisis cut off supplies coming to Britain through the Suez Canal, took on some aspects of permanency.

Government leaders mapped plans for still tighter restrictions on gasoline and oil consumption in an effort to make ends meet. Prices of all oil products were expected to rise to meet increased shipping costs, and there were new predictions of a further cut in the program which has limited industrial consumption of fuel oil to about 90 per cent of normal.

Several British newspapers accused the United States of choking supplies of American crude oil to Britain to suit American interests.

Texas oil companies came in for particular criticism for apparent unwillingness to step up supplies of crude oil to Europe.

## Evacuate Children In Hospital Fire

NEW YORK (AP)—More than 100 children, including 25 premature babies, were evacuated from Harlem Hospital today when flames from a fire in a new annex under construction licked one wall of the hospital.

One baby was born during the four-alarm fire. Both mother and daughter are doing fine, hospital authorities said.

Some 270 other patients were moved from one part of the hospital to another at the height of the fire.

## Morey to Act as Special Adviser To New Auditor

SPRINGFIELD (AP)—State Auditor-elect Elbert S. Smith said Friday Auditor Lloyd Morey will work with him as a special consultant for part of the coming year.

Morey, 70, who was appointed to the office to clean up the tangle left by Orville E. Hodge, is scheduled to leave office Jan. 14 when Smith is sworn in.

However, Smith said an agreement has been reached whereby Morey will be available for consultation on auditing and accounting procedures.

Morey will have office space in the auditor's office and will serve on a temporary basis. His duties may include appearances before legislative committees handling bills involving the auditor's office.

Morey is co-author of the Morey-Jenner report for reforming the auditor's office and tightening state fiscal controls.

## Father Stops Beside Accident, Learns Daughter, 19, is Killed

WHEATON, Ill. (AP)—A. J. Swaitoski stopped his car beside the scene of an auto wreck Friday and inquired whether anyone had been injured.

He was told that his 19-year-old daughter, Mary Ann, was killed when her station wagon smashed into a gasoline truck.

## Hungary Lifts Iron Curtain for UN Relief Mission

UNITED NATIONS, N. Y. (AP)—Renewed demands may be expected to Hungary since the freedom revolt flared last October only to be crushed by Soviet armed might. The U. N. General Assembly called on Hungary to admit a U. N. team to investigate the uprising but has met with adamant refusal. The puppet Janos Kadar regime also rebuffed a proposal from U. N. Secretary General Dag Hammarskjold that Hammarskjold visit Budapest last December.

The relief mission is headed by Philippe De Seynes, U. N. under-secretary in charge of Hungarian relief. His departure from U. N. headquarters in New York Monday was kept quiet at the request of the Hungarian regime.

The U. N. said the mission will remain in the Hungarian capital for "three or four days." It is expected to return to U. N. headquarters in about one week to report on its findings to Hammarskjold.

Hammarskjold is preparing a report to the assembly on all phases of the Hungarian question and it was expected the report may be released when the body reconvenes on Monday.

New Furniture To Be Bright, Low and Lean

CHICAGO — Light, bright, low and lean will be the "new look" in 1937 home furnishings, designers said today.

Manufacturers agreed that beige will be the color of the year, with blues and aquas close behind.

The forecasts were made as 45,000 buyers and sellers gathered here for the 1937 international home furnishings market.

Alice Alexander, speaking for the Kroehler Manufacturing Co., stressed the trend toward lighter lines in the

## HER WINDOW

The Bennetts live here. That's Grandmother Bennett's Bible on the window sill, and the whole family goes to the church across the snow covered field.

John Bennett works in the local bank. Martha, his wife, is president of the PTA, and they have three lovely children. Grandmother Bennett has been living with them for the past couple of years, since she broke her hip. She can't always get to church in winter time and that's why she calls this her window. When she can't be in church, it helps to be able to see it.

To her, the church steeple represents a great many things, and brings back many memories. Her son was married in that church. Her husband was buried from it. Her grandchildren were christened in it.

The Church has helped her to bear grief, in hours of sorrow; and it has seemed to put a benediction upon her happiness, in times of joy. Most important of all, whatever the occasion, whatever the crisis... the Church has always been there.

To Grandmother Bennett, the most comforting thing in the world is knowing that it always will be there.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### 'Wise Men Seek Jesus'

Matthew 2:1-12  
GOLDEN TEXT: "And fell down, and worshipped Him, and when they had opened their treasures, they presented unto him gifts; gold, and frankincense, and myrrh." (Matt. 2:11)

INTRODUCTION: During the next three months we shall be studying the book of Matthew. It will be a rich and enlightening study. Matthew had much to say about the Messiah.

Now Matthew was not very well liked by his own people. He had been a tax collector, working for the Roman government, prior to his following Christ. The people were heavily taxed, and Matthew became unpopular.

However, when Jesus said, "follow me," Matthew left his business and followed Jesus. Oh, that there were more men with that kind of Christian loyalty today.

Last week we studied about the birth of Jesus. This week we are thinking about the wise men. Any man is wise who follows Jesus.

### I THEY LOOKED FOR JESUS

(V. 1-2)

These men came from afar away country. Look on your map across the deserts from Jerusalem to the East. Perhaps they came from Babylon. We know that they were familiar with the Old Testament prophecy concerning the coming of the Messiah. Perhaps the message of some ancient Hebrew prophet had found its way to their hearts. Anyway, they were looking for the Messiah.

### II HEROD FEARED JESUS

(V. 3-12)

Herod was a bad man. Human life meant nothing to him. Have all the babies slain. What did he care as long as he protected his job and position? He was afraid that this Babe of Bethlehem would take his position.

There are countless thousands of people today who are afraid to let Jesus have His way in their hearts and lives. They are afraid it might cost something.

### III SCRIBES AND PRIESTS DID NOT CARE

(V. 4-6)

Notice what happened when Herod gathered all the chief priests and scribes together for questioning. He wanted to know where the Messiah was to be born. Immediately they quoted from 5:2. They had known for years what the Old Testament had to say about the

birth of the Messiah. They even knew where He was to be born. Did they go to Bethlehem? No! The wise men did, but the chief priests and scribes did not.

That makes me think of some folks I know today. They know exactly what the Bible says about finding Jesus as Saviour; but are they doing it? No! They tarry. Many will tarry too long.

### IV WISE MEN REJOICED

(V. 9-10)

These wise men followed God's leadership (the star), and came to Jesus. When they found Him they worshipped Him, and their hearts were filled with joy.

The same thing happens to people who seek and find Jesus.

### CONCLUSION (V. 11)

What a beautiful scene. See those wise men bowing in the presence of the Son of God. They have sought Him a long time. Their journey is done. Now they worship Him.

Friend, have you sought Jesus a long time. Your journey, too, can end today; if you will fall at His feet in complete surrender and worship Him.

**END OF A PERFECT DAY** for Yankee pitcher Don Larsen and his batterymate Yogi Berra. Larsen had just fired a third strike past pinchhitter Dale Mitchell to complete a no-hit, no-run, no-man-reach-base, 2-0 victory over Brooklyn. It was the first no-hitter in World Series play, and the first perfect game in the major leagues since 1922.

**HORSE LAUGH** is enjoyed by Needles the morning after the Kentucky Derby. Running well back in the pack as the horses came into the stretch at Churchill Downs, Needles flashed his famous late speed to beat Calumet Farm's Fabius to the wire in the 82nd "run for the roses."

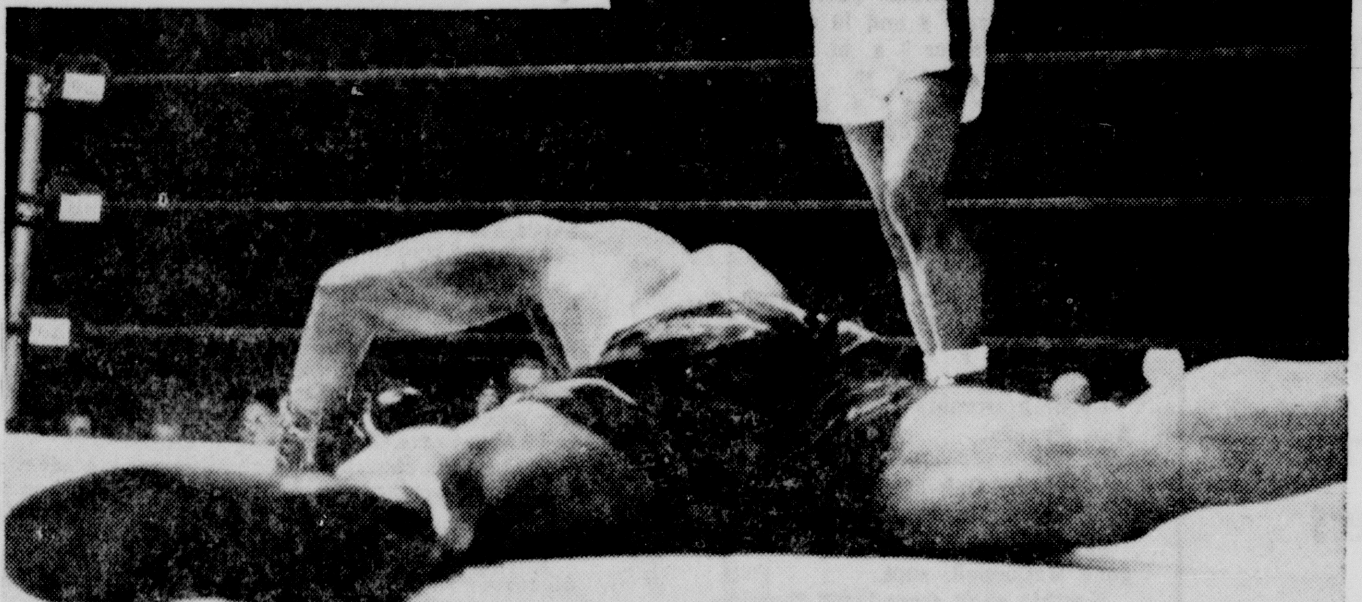

**HIGH-FLYING OKLAHOMA**, the nation's top collegiate football team, ran their consecutive victory string to 40, a new record. High spot of the season was 40-0 rout of Notre Dame. In photo, All America Tommy McDonald, right, and teammate Bobby Ward leap for a wayward pass thrown by N.D.'s Paul Hornung. Ward intercepted and ran 35 yards for a touchdown.

**RUNNING FOR HIS LIFE**, Paul Russo jumps from his car and races across the track to escape the oncoming cars during the 40th Indianapolis 500-mile race. Russo banged into the southwest turn but came out of it without injury. Twelve cars were involved in smashups or accidents of lesser nature during the Memorial Day race.

**BULLET BOBBY MORROW**, a Texas speedster, with a taste for gold, wins the 200-meter to become the first double winner of the 1956 Olympic Games at Melbourne, Australia. Morrow (55), who also won the 100-meter dash, added a third gold medal as anchor man on the record-breaking 400-meter relay team. The United States track and field men easily outpointed their over-touted Russian opposition.

**YOUNGEST HEAVYWEIGHT CHAMPION** in history, Floyd Patterson stands over Archie Moore after flattening the aging battler in the fifth round of their title bout in Chicago. Patterson, just 21, moved into the heavyweight throne room vacated by the retirement of Rocky Marciano last April.

## Eagles Upset McLeansboro Foxes, 64 to 59

### Eldorado Will Be Host Tonight To West Frankfort

Eldorado, with a lackluster 2-7 record, upset the highly regarded McLeansboro Foxes Friday night by a score of 64-59. The game was played at Eldorado.

The winning Eagles played a speeded up type of ball last night both on offense and defense and made it pay off for a victory and one of the season's major upsets.

It also put the Eagles off to a good start in the Southern Illinois conference race, a four-team loop that includes Eldorado, McLeansboro, Johnston City and Metropolis.

This is the first season for the conference to operate in basketball and although each member does not play all other teams in a home-and-home series a conference championship will be determined, using a point system.

When a team scores a victory over a team it meets only once this season, ten points will be awarded. Victories scored in home-and-home play will count only five points.

It was a bang up contest from the opening tip off, with the lead changing hands throughout all four quarters of play.

At the end of the first period Eldorado claimed a 19-15 lead, but at halftime McLeansboro was clinging to a slim 32-30 advantage and the visiting Foxes were still in front when the third period closed, 49-46.

#### Play W. Frankfort Tonight

Eldorado went in front to stay with about two minutes remaining to be played and extended a one-point advantage to a five-point victory in the closing seconds by hitting free throws.

McLeansboro hit exceptionally good at the free throw line, making 25 and missing only eight. Eldorado scored 18 and missed 15 in the free throw department. From the field Eldorado shot a good .397 while McLeansboro had a .370 average.

In the preliminary game Eldorado was also the victor in a close one, 49-45.

Tonight Eldorado entertains the high flying West Frankfort Red Birds and Friday night travels to Johnston City.

McLeansboro will be idle until Friday, when they will host Carmi.
